Dear neighbour,

Lostwithiel footbridge colour

Thank you so much for attending our drop-in at the Platform building, Lostwithiel station. We had a fantastic attendance with 146 people completing the survey on the proposed colour scheme for the bridge.

You will be pleased to hear that by an overwhelming majority of just over 84 % of the votes cast the colour will be **Caramel / Brown and Cream**.

We'll now continue to finalise our plans and will be in touch in the coming weeks with more information and timings for the work. Whilst we are prioritising the installation of a footbridge at Lostwithiel Station, we have also applied for funding to install lifts to the footbridge in the short to medium term. We'll do our best to keep you informed on progress that we make with this funding application.

It's also worth mentioning that we've been working with the garden community and will protect the apple tree at the front of the station. Our plan is to carefully remove and store it as part of our project and then replant it in a similar position upon completion.

If you have any questions or concerns about this, please call our 24-hour National Helpline on: 03457 11 41 41 or visit www.networkrail.co.uk/contactus.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Chris O'Connell".
